

GETTING STARTED WITH IPAYIMPACT

DOWNLOAD THE APP

Download the iPayimpact app from the **Apple Store** or **Google Play**. Alternatively, you can navigate to www.ipayimpact.co.uk in your browser.

01

PUSH NOTIFICATIONS

When you first download iPayimpact, you'll be asked to allow push notifications. Please turn them on. You can amend notifications in your device settings by navigating to the iPayimpact app, selecting settings, and selecting **Allow Notifications**.

02

REGISTER FOR IPAYIMPACT

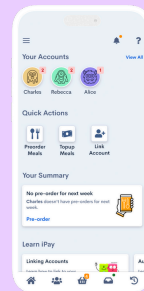

Enter the **Account Reference Number** provided by your child's school. If you have more than one child using iPayimpact, you can sign up using one number and add more accounts later. Follow the on-screen instructions to create your account and activate it by clicking the link sent to you via email.

03

SETUP YOUR ACCOUNT

You can now log in to iPayimpact! For app users, we recommend signing in to iPayimpact with your biometrics for faster login in the future. You'll be asked to complete your account by filling in your payment details when you first log in.

04

QUICK HELP

 youtube.com/@iPayimpact-app

Link additional account
From the home page, select **Link an Account**, enter the **Account Reference Number** from your child's school, and select **Link Account**.

How do I pay for meals?
From the homepage, simply enter the amount you would like to add to your child's account and select **Add to basket** to make payment.

Watch help videos on the iPayimpact YouTube channel.

If you need more help, please contact your child's school.
