### EMMAUS CATHOLIC ACADEMY TRUST

The Diocese of Salford provides Catholic Academy Trusts, schools, and colleges for the following reasons:

1. To assist in the mission of making Christ known to all people;
2. To assist parents and carers, who are the prime educators of their children, in the education and religious formation of their children;
3. To be of service to the local Church – the Diocese – the Parish and the Christian home;
4. To be of service to society.

#### Emmaus Catholic Academy Trust Vision:

To provide great Catholic education across Greater Manchester.

Journey with Emmaus CAT...

## 1. Policy Statement

Our core purpose is to create a healthy Catholic organisation serving the pupils in our Catholic schools, communities, families, and parishes across Greater Manchester. We are aligned in our mission to work collegially to ensure that we have great schools, strong in faith, serving society. Schools where every pupil has an equal opportunity to thrive and receive the very best Catholic education and formation. Our guiding principles and this SEND Policy exist to ensure that each Emmaus CAT school has a clear and compelling vision for all of its pupils, focused on creating an inclusive environment, tailored to the needs and abilities of each and every pupil. At Emmaus CAT we will succeed with our philosophy of aligned autonomy, the belief that talent is key and the sharing of curriculum knowledge and academic rigor.

## 2. Aim of Emmaus CAT Policies

The aim of this, and all Emmaus CAT policies is to support the seven major themes of Catholic Social Teaching, which include;

- The dignity of work and the rights of the worker; ○  
Solidarity with all people;
- A preferential option for the poor;
- Stewardship and care for creation;
- The call to community and participation;
- The sacredness of life and the dignity of the human person;
- Human rights and the responsibility to protect them;

as well as ensuring that national legislation and guidance are implemented across all our schools. Our policies should not be viewed in isolation, but along with our guiding principles, as integral to all aspects of school improvement. With our policies we aim to create an effective partnership with parents and carers, the prime educators of their children, to ensure that all children reach their potential whilst setting high expectations and aspirations, in a positive and supportive environment. All Emmaus CAT policies will clearly define and communicate the core principles which underpin our Catholic culture, mission and vision.

The aim of this SEND policy is to make sure all Emmaus CAT schools fully implement national legislation and guidance regarding pupils with SEND and sets out how our schools will:

- Set high aspirations and expectations for all pupils, without exception
- Create a positive and supportive environment for all pupils without exception
- Promote positive, caring relationships between staff, pupils, their parents and carers, other agencies, and educational settings
- Understand each pupil's learning needs using the graduated 'assess, plan, do, review' approach (Special Educational Needs and Disability Code of Practice, 2015).
- Ensure that all pupils have access to high quality teaching and a high-quality curriculum
- Adopt a positive and proactive approach to behaviour which enables all pupils, including those with SEND, to thrive both in and out of the classroom (DfE 2022)
- Ensure that pupils with SEND can take part in all the school has to offer, including pupil leadership and extra-curricular activities

- Ensure that our Special Education Needs and Disabilities Co-ordinators (SENDCos) have the expertise and time needed to fulfil their role
- Ensure that teachers and support staff have the expertise to make effective adaptations to enable pupils with SEND to achieve well, through well planned training and development opportunities
- Undertake regular assessments to check that pupils with SEND are making the progress that they should
- Enable pupils with SEND to make successful transitions between key stages, be well prepared to enter the world of work and into adulthood
- 

### 3. Legislation and Guidance

This policy should be read in conjunction with each individual school's SEND Information Report and The Local Offer, published on the website for each Emmaus CAT school. The SEND Information Report and The Local Offer provide a detailed insight into the specific mechanisms to support young people with SEND within each Emmaus CAT school and within their Local Authority. The role of Local Authorities in the UK includes providing a range of vital services for people living in the local community covering areas such as Education, Social Care and Health. Section 25 of the Children and Families Act 2014 places a duty on Local Authorities that should ensure integration between educational provision and health and social care provision in order to improve the quality of services for children and young people with SEND.

**This policy complies with the statutory requirement laid out in the SEND Code of Practice (2015) and has been written with reference to the following documents and legislative frameworks:**

- ✓ The Equality Act 2010: advice for schools (2013)
- ✓ SEND code of practice: 0 to 25 years (2015)
- ✓ The Children and Families Act (2014)
- ✓ Keeping Children Safe in Education (2024)
- ✓ The SEND Regulations (2014)
- ✓ Teachers' Standards (2012)
- ✓ The School Admissions Code (2021)
- ✓ SEND: Guidance for School Governing Bodies (2025)
- ✓ **This policy should also be read alongside the following (available on the school's website):**
- ✓ The Emmaus CAT Safeguarding Policy
- ✓ The Emmaus CAT Behaviour Policy
- ✓ The Emmaus CAT Attendance policy
- ✓ The Emmaus CAT SEND Guiding Principles
- ✓ The School's Accessibility Plan
- ✓ The School's SEND Information Report

✓ The Local Authority's Local Offer

✓ The Emmaus CAT Alternative Provision School Guidance Report

#### 4. Inclusion and Equal opportunities

All Emmaus CAT schools strive to create an inclusive teaching environment that offers all pupils, no matter their needs and abilities, access to a broad, balanced, and challenging curriculum. We are committed to offering all pupils the chance to thrive and fulfil their aspirations. We will achieve this by making provisions, reasonable adjustments, and adaptations to teaching, the curriculum and the school environment to make sure that all Emmaus CAT pupils are fully included in all aspects of school life, including extra-curricular activities, trips, and leadership opportunities. All reasonable adjustments or adaptations will also be made for families to ensure their involvement in their child's support.

#### 5. Definitions

##### Special Educational Needs

A pupil has Special Educational Needs if they have a learning difficulty that calls for special educational provision to be made for them. Pupils are considered to have a learning difficulty if they have a significantly greater difficulty in learning than most others of the same age.

The SEND Code of Practice states that special educational provision is educational or training provision that is additional to, or different from, that made for other children or young people of the same age by mainstream schools.

##### Disability

The SEND Code of Practice states that pupils are considered to have a disability if they have a mental or physical condition that has a substantial and long-term negative effect on their ability to do normal daily activities or which prevents or hinders them from making use of facilities of a kind provided for others of the same age within a mainstream school. All schools within Emmaus CAT will make reasonable adjustments and adaptations for pupils with disabilities, so that they are not disadvantaged.

##### The Four Areas of Need

Pupils with SEND are categorised under one of the four following areas of need, as set out in the SEND code of practice [SEND Code of Practice January 2015.pdf \(publishing.service.gov.uk\)](#):

##### Communication and Interaction

Pupils with needs that fall into this category will have trouble communicating with others. They may experience difficulties understanding what is being said to them and may have trouble expressing themselves. This may also mean the pupil lacks the vocabulary or language skills to access learning effectively. Pupils with Autism Spectrum Condition have needs that fall into this category.

### Cognition and Learning

There are a wide range of needs under this area including pupils with specific learning needs such as dyslexia and dyscalculia. Pupils may also have been identified as having moderate or severe learning difficulties and are likely to be learning at a slower pace than their peers. Pupils with profound and multiple learning difficulties would fall into this broad area of need and are likely to have complex learning difficulties as well as sensory differences or a physical disability.

### Social, Emotional and Mental Health

Pupils with needs such as attention deficit hyperactivity disorder (ADHD), anxiety or eating disorders would fall into this category along with pupils who have experienced significant Adverse Childhood Experiences (ACEs). ACEs are potentially traumatic events that occur in childhood and can include violence, abuse, and growing up in a family with mental health or substance use problems. Stress from ACEs can change brain development and affect how the body responds to stress. Children and young people may experience a wide range of social and emotional difficulties which manifest in many ways. These may include becoming withdrawn or isolated, as well as displaying more challenging behaviour.

### Sensory and/or Physical Needs

Pupils with needs that fall into this category will need on-going support and equipment to access all the opportunities available to their peers due to physical needs or sensory differences.

Whilst the primary area of need above is usually identified, pupils can have needs which are included across multiple broad areas of need. The level of the support that pupils with SEND receive, within Emmaus CAT schools, is led by their individual barriers to learning and not any formal diagnosis.

## **6. The Graduated Response**

The first response to pupils not making expected levels of progress, should be adaptations made by the teacher to target the pupil's specific gaps in learning.

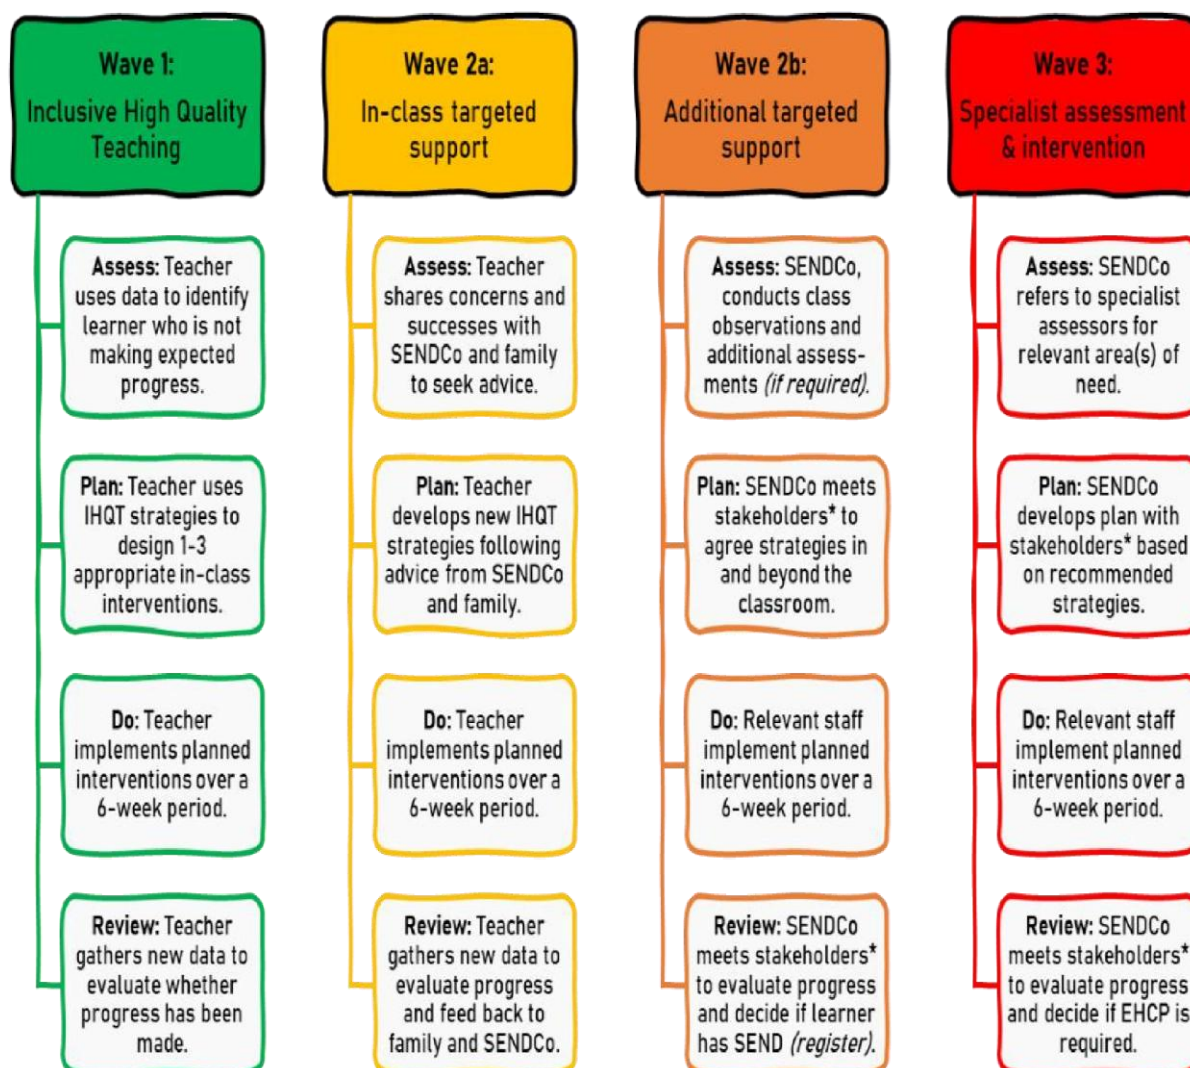

Standard 5 in the Early Career Framework (2019) states that teachers should:

*Provide the opportunity for all pupils to experience success by adapting lessons, whilst maintaining high expectations for all, so that all pupils have the opportunity to meet expectations.*

If a pupil continues to struggle to make expected progress, the teacher should inform the pupil's parents and carers of their concerns before making a detailed referral to the school SENDCo. The teacher should follow the school's referral process, that should include concerns and any previous adaptations to teaching and learning. For example, a pupil's English teacher may detect some difficulties with learning and using spelling rules or reading with accuracy and fluency that may indicate dyslexic traits, and therefore the pupil may require diagnostic assessment to ensure they receive further support. The school SENDCo will then initiate a cycle of Assess, Plan, Do and Review, as set out below:

\*Stakeholders include the pupil and their family, teachers, the SEND team, and any other key adults/professionals that may include an Educational Psychologist, Speech and Language Therapist or a key professional from the Child and Adolescent Mental Health Service (CAMHS).

The SENDCo will respond to concerns raised by parents and carers, pupils, or any member of staff, to ensure that pupils who may have SEND are identified as early as possible. The SENDCo will signpost outside agencies or medical support for parents and carers to pursue diagnosis for different learning needs and/or disability, or where appropriate, help instigate formal diagnostic testing themselves.

To promote the use of high quality first teaching for all of our pupils at St Winifred's, all teachers have been trained by Stockport Inclusion around EEF's "5 a day principles" and use the four areas of learning Ordinarily Available Provision documents and subject specific scaffolding document (See Appendix).

## 7. The SEND Register and Pupil Profiles

Where a Special Educational Need is identified, the SENDCo will communicate the needs of the pupil to all school staff via an online SEND Register. This should be set out in a way that allows effective communication of pupils' individual needs and the ways they will be met, along with specific targets. This will include the pupil's specific difficulties and bespoke strategies and targets to support the pupil during and outside of lessons, if appropriate. All students with an Education, Health, and Care Plan (EHCP) will also have a Pupil Profile that includes specific targets and more detail about the pupil. Any supporting key documents and resources will also be linked on the SEND register. The SEND Register and Pupil Profiles will be reviewed at least termly and in consultation with the pupil and their family.

## 8. Education, Health and Care Plans (EHCPs)

When pupils with EHCPs move from one setting to another, the EHCP goes with them. However, the new setting must be consulted by the Local Authority. The new setting will read the EHCP and any recent appendices to ensure they will be able to successfully meet the pupil's needs and the outcomes set out in the EHCP. The school's SENDCo, in consultation with the headteacher, will reply to the consultation within 15 days. The school will admit any pupil that names the school in an EHCP if it is agreed it is the best place to most effectively meet the pupil's needs.

The school SENDCo will ensure that all those teaching or working with a child with an EHCP are aware of the pupil's needs and that arrangements are in place to meet them. The school will make their best endeavours to meet the outcomes detailed in section E of the pupil's EHCP.

Schools are required to use their 'best endeavours' to ensure the needs of the pupil are met. This is known as the 'Best Endeavours Duty' under section 66 (1), (2) and (3) of the Children and Families Act 2014, and requires a school to use their best endeavours to meet the pupil's special educational needs. In the case of a child with an EHCP, this includes a duty to inform the Local Authority formally if schools cannot meet the specified provisions in section F. This can, for example, be on grounds of the LA not funding sufficiently, the LA not providing certain resources, school being unable to recruit an appropriately experienced and/or trained member of staff as required in specified provisions. This may be applicable especially if schools are directed to admit a pupil because the LA has no specialist places even if it has been agreed that a specialist place is appropriate for the pupil. In this case, schools will find it more challenging to meet the pupil's need appropriately and schools should work with the Emmaus CAT central team to invoke the LA's absolute and non-delegable duty under Section 42(2) to secure the specified special educational provision.

The school SENDCo will ensure an annual review meeting takes place in a timely manner with all relevant stakeholders. The SENDCo will gather advice and information about the pupil prior to the annual review meeting from all parties involved.

Schools will ensure that a review of a pupil's EHCP is undertaken before transfer to another phase of education. The school will make their best endeavours to meet the pupil's SEND. When Emmaus CAT schools have exhausted all their best endeavours to meet the needs of a young person, but no progress is made, further guidance and support will be sought from the school's Local Authority, who retain statutory responsibilities for the provision of an appropriate educational setting for children or young people with SEND.

Emmaus CAT does not support the use of an alternative provision that has not been registered with the Department for Education (DfE). The school must undertake ongoing and rigorous checks regarding safeguarding, attendance, and the quality of the curriculum during any off-site direction to another provision and the pupil must be dual registered.

## 9. SEND and Behaviour

The school and Emmaus CAT recognise that pupils' behaviour may be impacted by a pupil's SEND. When incidents of misbehaviour occur, schools will consider any possible link to the pupil's SEND,

although we recognise that not every incident of misbehaviour will be connected to SEND. Decisions on whether the SEND needs of the pupil had an impact on an incident of misbehaviour will be made on a case-by-case basis and schools may adjust their sanctions and support that may include:

- Short, planned movement breaks
  - A time out of class pass
  - Adjusting uniform requirements for a pupil with sensory issues or medical conditions (e.g. severe eczema)
  - Assessing if it is appropriate to use a sanction and if so, whether any reasonable adjustments need to be made to the sanction (e.g. next day rather than same day detentions)
- When considering a behavioural sanction for a pupil with SEND, the school will consider:

- Whether the pupil was unable to understand the rule or instruction
- Whether the pupil was unable to act differently at the time because of their SEND
- Whether the pupil is likely to behave aggressively due to their SEND

Where pupils display behaviours which could put themselves or others at risk, positive handling plans, and individual risk assessments will be put in place. Any restrictive physical intervention will be recorded in line with the schools positive handling policy/behaviour policy and communicated to parents and carers.

- Our policy is grounded in relevant legislation (Equality Act 2010, SEND Code, Use of Reasonable Force) to ensure fair and lawful practice.

**At St Winifred's, our behaviour policy aligns with the DfE's 'Behaviour in Schools' guidance, ensuring strategies support every pupil, including those with SEND. Please see our Behaviour policy for some examples of our reasonable adjustments (please note that some additional adjustments will be use on a case by case basis).**

## 10. Roles and responsibilities

All Emmaus CAT staff are responsible for maintaining an oversight of the delivery of high quality, inclusive teaching, learning and support, adapted to the specific needs of any pupil with SEND.

### Parents and carers will:

- Play an active role in the support of their child and make best endeavors to attend all meetings relating to their child

### SEND Leaders at Emmaus CAT will:

- Support schools to conduct a full review of their SEND provision and identify key areas for development
- Determine the strategic development of the SEND policy and hold responsibility for monitoring the implementation of the SEND Policy across each school in Emmaus CAT to ensure that it is successfully embedded
- Lead on strategic projects to develop the quality of provision and outcomes for pupils with SEND
- Work in collaboration with school leaders on areas for improvement within the school's Development Plan

- Provide SEND team networking and SEND training opportunities and resources for Emmaus CAT colleagues to support their continued professional development
- Support the recruitment of SEND staffing in consultation with school senior leaders
- Support the termly review of the SEND Register and Pupil Profiles
- Act as a point of contact to school senior leaders and SENDCos for help and advice on issues relating to SEND

#### **The school's SEND Governor will:**

- Ensure that strategies are in place to promote and implement the SEND Policy throughout the school and with parents, carers and school staff
- Review the effectiveness and implementation of the policy as part of the school's LGB reports
- Hold specific oversight of the school's arrangements for SEND, fulfilling the statutory duties of the SEND Code of Practice (2015)
- Liaise with the SENDCo to support the development of SEND and monitor key data for pupils with SEND
- Work alongside Emmaus CAT on SEND initiatives

#### **The Headteacher will:**

- Ensure schools have a named Governor of SEND
- Ensure that the SENDCo has sufficient time and resources to carry out their role effectively
- Provide the SENDCo with sufficient administrative support and time away from teaching to enable them to fulfil their responsibilities in an equivalent way to other important strategic roles within the school
- Ensure that teachers and all school staff understand the strategies to identify and support pupils with SEND by providing appropriate and regular training opportunities
- Ensure all legislation and statutory requirements are met along with the implementation of this policy
- Ensure regular communication between the school's SENDCo and other key school leaders within the quality of education, behaviour, attendance, and safeguarding teams to ensure a coherent approach to provision

#### **The SENDCo will:**

- Hold or complete the National Professional Qualification for SENDCos within 3 years of being in post
- Advocate for all pupils with SEND, and their families, to ensure there is no poverty of expectation of their progress and support
- Ensure all legislation and statutory requirements are met along with the implementation of this policy
- Ensure the school's SEND Information Report is kept up to date and published on the school's website along with links to the Local Authority's Local Offer
- Work collaboratively with the Local Authority to ensure appropriate provision is in place
- Be the first point of contact for parents and carers on issues relating to SEND identification and provision and endeavour to respond to all communication within two working days of initial

contact (unless another key member of staff has been identified to work more effectively with the pupil, in which case they will make contact in a timely manner within these time frames)

- Work with the Headteacher and SEND governor to determine the strategic development of provision for pupils with SEND within the school
- Monitor, track and evaluate pupils' attendance, safeguarding, progress and achievement
- Effectively train, deploy, appraise and manage the team of Learning Support Assistants (LSAs/TAs)
- Hold day-to-day responsibility for the operation of this SEND policy and the co-ordination of specific provision made to support individual pupils with SEND
- Communicate professional guidance to colleagues, liaise and work in collaboration with staff, parents, carers, and other agencies to make sure that pupils with SEND receive appropriate and impactful support, interventions, and high-quality, adaptive teaching
- Implement, record, and monitor a graduated approach to providing SEND support using a considered assess, plan, do, review approach
- Identify staff training requirements and lead on adaptive teaching strategies and the application of appropriate reasonable adjustments along with targets and key areas of development for teaching staff that are appropriate for the individual needs of pupils to ensure access to their learning
- Work with the headteacher on the deployment of the school's SEND budget to ensure the most efficient use of resources
- Ensure statutory requirements are followed including the annual reviews of EHCPs and the updating of other key documentation, that may be specific to the Local Authority (LA), within stated timescales
- Be the point of contact for external agencies, especially the LA and its support services, and work with external agencies to ensure that appropriate responses and provision are provided in a considered and timely manner
- Liaise with SEND leads within previous or next providers of education to make sure that pupils and their parents and carers are informed about options and that a smooth transition is planned and implemented, so that all relevant information is communicated in a transparent and timely manner
- Ensure their attendance at annual EHCP reviews for students transitioning to their setting during the pupil's final year at primary school and ensure the SENDCo at the pupil's next phase of education/future placement is invited to the pupil's final review meeting

#### **Subject leaders will:**

- Monitor the progress of all pupils with SEND within their subject area through effective data analysis and quality assurance processes
- Ensure that there is a focus on SEND provision and the progress of pupils with SEND within each curriculum meeting
- Ensure teachers have a clear understanding of the needs of pupils with SEND in their classes and provide guidance and evaluation on classroom practice that engages and supports them (see appendix for guidance on strategies relating to the EEF's Five-a-Day and St Winifred's subject scaffolding documents sample)

- Provide opportunities to share good practice across different subjects on effective strategies to support the engagement and progress of pupils with SEND
- Ensure teachers are skilled at early identification of a possible Special Educational Need, and know what process to follow
- Ensure that the pupil and their families are informed of progress and/or concerns

#### Classroom teachers will:

- Have a clear understanding of the needs of all pupils, and be able to use and evaluate distinctive teaching approaches to engage and support them
- Be aware of pupils' capabilities and their prior knowledge, and plan teaching to build on these
- Work closely with the pupil and their families to celebrate success and progress and discuss support and/or concerns and follow the school's graduated response where needed
- Use the EEF guidance on effective classroom practice for pupils with SEND that includes: [EEF blog: 'Five-a-day' to improve SEND outcomes | EEF](#)
- Explicit instruction with a focus on clear explanations, modelling and frequent checks for understanding followed by guided practice before independent practice
- Cognitive and metacognitive strategies with a focus on managing a pupil's cognitive load to enable learning to take place more effectively
- Effective scaffolding that is slowly removed
- Flexible grouping that focuses on the pupil's current level of mastery ○ Using technology to help pupils learn, practise or record their work

#### The Local Authority will:

- Publish and maintain an extensive Local Offer Website
- Play a key role in the identification of children with SEND
- Conduct an Education, Health, and Care needs assessment (EHCNA) where evidence suggests an EHCP may be necessary
- Prepare and maintain EHCPs in a timely manner
- Identify 'the specified special educational provision for the child' (Children and Families Act, 2014) where children have an EHCP
- Integrate education, health, and social care services where this would promote the health and wellbeing of the child

#### 11. Emmaus CAT key contacts

## Appendix 1 – SEND Information Report Guidance

### What is a Special, Educational Needs and Disabilities (SEND) Information Report?

A SEND Information Report must feature on the website of all schools to share SEND policies and practices with parents and carers. It allows parents and carers, and prospective parents and carers, along with other stakeholders, the opportunity to learn more about the school's approach towards educating, including and supporting pupils with SEND.

The report should be updated annually or as soon as possible throughout the year if any of the information changes.

**The SEND Information report is a statutory document. The SEND Code of Practice lists the information that must be included as:**

- The kinds of special educational needs the school can provide for (four areas of need)
- The name and contact details of the school's SENDCo and any other key staff
- The process and procedures for identifying children and young people with SEND and how their needs will be assessed
- Arrangements for consulting parents and carers of pupils with SEND and their involvement in their child's education
- Arrangements for consulting pupils and involving them in their education and support
- Arrangements for assessing and reviewing pupils' progress towards outcomes
- Arrangements for supporting pupils moving between phases of education and in their preparation for adulthood
- The school's approach to teaching pupils with SEND
- How adaptations are made to the curriculum and the learning environment of pupils with SEND
- How staff and teachers are trained to ensure expertise in teaching and supporting pupils with SEND
- How the effectiveness of provision will be evaluated
- Provisions made so pupils with SEND can successfully take part in all aspects of school life
- How pupils with SEND are supported with their emotional and social development, including measures taken to prevent bullying
- How the school involves other professionals, including health and social care, local authority support services in meeting pupils' SEND and supporting their families
- How the school handles complaints from parents and carers of pupils with SEND about the provisions made at the school
- How the school support pupils who are looked after by the Local Authority
- A link to the Local Authority's Local Offer

**Please see St Winifred's SEND Information Report on our website.**

## Appendix 2          Accessibility Plan

Please see **St Winifred's Accessibility Plan on our website.**

## Appendix 3   Primary Governor Reporting form

### SENCO Report to the Governing Body Date:

Academic Year 2025/2026

This report template has been designed to support governors in effectively reviewing key information about SEND provision in school. The purpose of this structured format is to promote consistency and alignment across all schools within Emmaus CAT. It also supports the collection of essential data by the executive team and board of directors. The template should be populated by SENCOs, discussed with the school's SEND Governor and shared at full governor meetings (half terms 1, 2 and 5). To differentiate updates, changes or new information should be highlighted using an alternative text colour.

Stakeholder voice be included as part of this data collection, to establish:

- *What is the experience of a pupil with SEND in our school/Trust?*
- *What is the experience of a parent/carer with a pupil with SEND in our school/Emmaus CAT?*
- *How do we know that pupils with SEND thrive in our school/Emmaus CAT (as much as those without SEND).*

SENCOs should provide high-level summaries within the allocated sections. SEND governors are encouraged to use these summaries as a basis for in-depth discussion, asking rigorous and probing questions. To support this process, example questions (in blue) are included throughout the document.

### **Statement regarding overall quality of provision for pupils with SEND:**

*(Supporting evidence from the SEND review, recent Ofsted inspections, quality assurance visits etc)*

Please refer to Whole Education self-evaluation and action plan, including:

- Intent, implementation, Impact
- Working with learners and families
- Effective use of teaching assistants
- Provision mapping
- Identification

Commentary:			

**Questions for governors to consider:**

*Does the schoolwork in partnership with parents to develop specific support approaches for attendance, including, where applicable, ensuring the provision outlined in the pupil's education, health and care plan is accessed? Does the schoolwork in partnership with families to help support routines where school transport is regularly being missed and work with other partners to encourage the scheduling of additional support interventions or medical appointments outside of the main school day?*

*Does the school establish strategies for removing the in-school barriers these pupils face, including considering support or reasonable adjustments for uniform, transport, routines, access to support in school and lunchtime arrangements?*

*Does the school consider adjustments to practice and policies to help meet the needs of pupils who are struggling to attend school, as well as making formal reasonable adjustments under section 20 of the Equality Act 2010 where a pupil has a disability? Do leaders ensure that any adjustments are agreed by, and regularly reviewed with the pupil and their parents?*

*Does the school ensure joined up pastoral care is in place where needed and consider whether a time-limited phased return to school would be appropriate?*

Absence Band	Total number of pupils	Total percentage of pupils	Status e.g. SEND support, EHCP
Absence from 0% to less than 5%			
Absence from 5% to less than 10%			
Absence from 10% to less than 15%			
Absence from 15% to less than 20%			
Absence from 20% to less than 25%			
Absence from 25% to less than 30%			
Absence from 30% to less than 35%			
Absence from 35% to less than 40%			
Absence from 40% to less than 45%			
Absence from 45% to less than 50%			
Absence greater than or equal to 50%			

Commentary:

*How are we using this absence banding information to drill down into attendance patterns for pupils with SEND? Are we aware of which pupils are moving across bandings? What are trends over time? Are leaders' actions having a positive impact and helping pupils with SEND to move to lower absence bandings?*

<b>Behaviour</b>	
	<i>Please provide a commentary relating to the questions below. Please refer to pupil groups, i.e. Children in care, SEND support, SEND EHCPs</i>
Number of suspensions for pupils with SEND this academic year: (Do suspensions relate to the same pupils i.e. repeat exclusions?)	
Number of permanent exclusions of pupils with SEND this academic year compared to the same period last year:	
Recorded cases of bullying relating to pupils with SEND (as categorised on CPOMS):	<i>What follow up actions have leaders taken to keep pupils safe?</i>
Recorded cases of sexualised language and/or behaviour relating to pupils with SEND (as categorised on CPOMS):	<i>What follow up actions have leaders taken to keep pupils safe?</i>
Commentary on Behaviour, attitudes (BA) and personal development (PD) for pupils with SEND:	
<p><b>Questions for governors to consider:</b></p> <p><i>Do those with responsibility for governance ensure that the school fulfils its statutory duties, for example under the Equality Act 2010?</i></p> <p><i>Is DfE permanent exclusion guidance routinely followed?</i></p> <p><i>Are learners with SEND over- represented in exclusions and suspensions? Does there need to be a wider understanding of specific needs (ASC/SEMH?)</i></p> <p><i>For any exclusions, what alternatives were considered, including but not limited to off-site directions, managed moves, engagement with parents, provision of mentoring/coaching, use of pupil support units, assessment and support under the SEND framework, and multi-agency support under the "working together" framework? For suspensions, what arrangements were made for work to be provided on days 1 to 5? Or was alternative provision been arranged? Were other relevant stakeholders notified, where appropriate — governors, local authority, social worker, virtual school headteacher?</i></p> <p><i>When did we last speak to pupils with SEND about BA and PD?</i></p>	

<b>Outcomes Data</b>
<b>Outcomes data will be collected at the start of the school year and will be presented at the annual standards review. This should be included within the SENCO report as an appendix.</b>
Commentary on outcomes:

**Questions for governors to consider: -**

*How does the data for pupils with SEND compare to the data for pupils without SEND?*

*What do trends in data show governors about the curriculum? What are the reasons behind any drops in outcomes for pupils with SEND?*

*What is available for those not able to successfully access the school curriculum (e.g bespoke curriculum?) What intervention plans are in place?*

*How is progress measured including for pupils not entered for statutory assessments? E.g. Use of Cherry Garden, PIVATs etc.*

*How well do pupils with SEND achieve in this school compared with pupils nationally?*

Statutory Requirements		
	Commentary	Questions for governors to consider
SEND Policy		<i>When was this reviewed, have any changes been made? What was the impact?</i>
SEND information report & link to the Local Offer		<i>When was this reviewed and does it meet statutory requirements?  Has this been published on the school website?</i>
Accessibility plan		<i>Any updates? Review date?</i>
Statutory assessments and reviews		<i>Are necessary resources available? (e.g. E.P. time)</i>
Access arrangements		<i>Are normal ways of working appropriately established during all assessments?</i>
SEND Budget and spending		<i>What was the budget allocation and how is it used?  Are EHCPs sufficiently funded? If not, what is the impact?  Has the school coded pupils correctly on the school census? E.g. K codes.</i>
Website compliance		<i>Has the DfE website compliance checker been referenced?</i>

Other Aspects to Consider		
	Commentary	Questions for governors to consider

Working with families		<i>What does coproduction look like? How are parents/carers involved in reviews? Are there open lines of communication with the SENCo/member of the SEND team?</i>
Preparation for adulthood		<i>How are learners supported in the transition to secondary? Does this begin in Year 5? Do pupils with SEND access extracurricular and leadership opportunities? Do pupils make a successful transition to secondary? How does the school check this?</i>
Transition		<i>How is transition planned into school and across year groups? How are learners supported in the transition to secondary? Does this begin in Year 5?</i>
Staffing		<i>Is SEND provision well-resourced to ensure pupils are well supported? Does the SENCo hold the NASENCO award or is undertaking the SEND NPQ qualification?</i>
SENCo workload		<i>SENCo workload; does the SENCo have time to carry out their role both operationally and strategically? (How much time is allocated to SEND, what is the teaching time?)</i>
Intervention offer		<i>Is the impact of interventions appropriately measured? Does the offer reflect pupils' needs?</i>
Continued Professional Development and training	What CPD has taken place and what has been the impact of it for pupils with SEND?	<i>Do all staff, teachers and leaders feel confident meeting the needs of pupils with SEND? What CPD has taken place and what has been the impact of it for pupils with SEND?</i>
Work with external agencies?		<i>What external specialist support services are available and what is their impact? Are any agencies difficult to access?</i>
Complaints regarding SEND		<i>How many and what are the details?</i>

Any other developments regarding SEND	<p>This is an opportunity to share any other initiatives that the school has launched and what impact these have had or are hoped to have.</p> <p>This is an opportunity to share any ideas that the SENCO feels may become a concern over the next year unless action is taken; this could include staffing issues, issues relating to specific pupils (without names), support from external agencies, other resourcing issues etc).</p>	<p><i>Are there any concerns regarding provision for pupils with SEND?</i></p>
---------------------------------------	--	--

## Appendix 5 Secondary SENCO Report to the LGB

### SENCO Report to the Governing Body Date:

Academic Year 2025/2026

This report template has been designed to support governors in effectively reviewing key information about SEND provision in school. The purpose of this structured format is to promote consistency and alignment across all schools within Emmaus CAT. It also supports the collection of essential data by the executive team and board of directors. The template should be populated by SENCOs, discussed with the school's SEND Governor and shared at full governor meetings (half terms 1, 2 and 5). To differentiate updates, changes or new information should be highlighted using an alternative text colour.

Stakeholder voice be included as part of this data collection, to establish:

- *What is the experience of a pupil with SEND in our school/Trust?*
- *What is the experience of a parent/carer with a pupil with SEND in our school/Emmaus CAT?*
- *How do we know that pupils with SEND thrive in our school/Emmaus CAT (as much as those without SEND).*

SENCOs should provide high-level summaries within the allocated sections. SEND governors are encouraged to use these summaries as a basis for in-depth discussion, asking rigorous and probing questions. To support this process, example questions (in blue) are included throughout the document.

#### **Statement regarding overall quality of provision for pupils with SEND:**

*(Supporting evidence from SEND review, recent Ofsted inspections, quality assurance visits etc)*

Please refer to Whole Education self-evaluation and action plan, including:

- Intent, implementation, Impact
- Working with learners and families
- Effective use of teaching assistants
- Provision mapping
- Identification

Contextual information			
	Number	Percentage	National Percentage
Pupils with SEND			
Pupils at SEND support (K)			
Pupils with an EHCP (E)			
<b>Commentary:</b>			
<p><b>Questions for governors to consider:</b></p> <p><i>What are trends over time in this contextual information?</i></p> <p><i>How does the school context compare with national?</i></p>			

SEND Register	Communication and Interaction		Cognition and Learning		SEMH		Sensory and/or physical	
	Male	Female	Male	Female	Male	Female	Male	Female
<b>Total</b>	K- E-	K- E-	K- E-	K- E-	K- E-	K- E-	K- E-	K- E-
<b>Y7</b>	K - E -	K - E -	K - E -	K - E -	K - E -	K - E -	K - E -	K - E -

<b>Y11</b>	K - E -	K - E -	K - E -	K - E -	K - E -	K - E -	K - E -	K - E -
<b>Commentary:</b>								
<p><b>Questions for governors to consider:</b></p> <p><i>How are pupils' SEND needs identified?</i></p> <p><i>How is the assess, plan, do, review cycle implemented?</i></p> <p><i>Is the SEND register regularly reviewed?</i></p> <p><i>How does the schools' SEND cohort compare to national data? E.g if SLCN below national – is there an ID issue?</i></p>								

### Attendance

<b>Attendance of all pupils</b>			
	Overall attendance %	Overall Absence %	Unauthorised absence %
School 2024/25			
National 2024/25			
School this year to date			
National this year			

<b>Attendance of pupils with SEND support</b>			
	Overall attendance %	Overall Absence %	Unauthorised absence %
School 2024/25			
School this year to date			

Commentary:

**Questions for governors to consider:**

*How does the attendance of pupils with SEND support compare with all pupils? (See table above)*

*What actions are leaders taking to improve the attendance of pupils with SEND support? What has been the impact?*

*How are we supporting any pupils showing indicators of Emotionally Based School Avoidance (EBSA)?*

*Does the SENCO take part in a regular analysis and review of attendance?*

*Is there collaborative work with attendance teams and are support plans in place?*

<b>Attendance of pupils with SEND EHCPs</b>			
	Overall attendance %	Overall Absence %	Unauthorised absence %
School 2024/25			
School this year to date			

Commentary:

**Questions for governors to consider:**

*Does the school work in partnership with parents to develop specific support approaches for attendance, including, where applicable, ensuring the provision outlined in the pupil's education, health and care plan is accessed?*

*Does the school work in partnership with families to help support routines where school transport is regularly being missed and work with other partners to encourage the scheduling of additional support interventions or medical appointments outside of the main school day?*

*Does the school establish strategies for removing the in-school barriers these pupils face, including considering support or reasonable adjustments for uniform, transport, routines, access to support in school and lunchtime arrangements?*

*Does the school consider adjustments to practice and policies to help meet the needs of pupils who are struggling to attend school, as well as making formal reasonable adjustments under section 20 of the Equality Act 2010 where a pupil has a disability? Do leaders ensure that any adjustments are agreed by, and regularly reviewed with the pupil and their parents?*

*Does the school ensure joined up pastoral care is in place where needed and consider whether a time-limited phased return to school would be appropriate?*

Behaviour	
	<i>Please provide a commentary relating to the questions below. Please refer to pupil groups, i.e. Children in care, SEND support, SEND EHCPs</i>
Number of suspensions for pupils with SEND this academic year:	
(Do suspensions relate to the same pupils i.e. repeat exclusions?)	
Number of permanent exclusions of pupils with SEND this academic year compared to the same period last year:	
Commentary on behaviour for pupils with SEND:	
<p><b>Questions for governors to consider:</b></p> <p><i>Do those with responsibility for governance ensure that the school fulfils its statutory duties, for example under the Equality Act 2010?</i></p> <p><i>Is DfE permanent exclusion guidance routinely followed?</i></p> <p><i>Are learners with SEND over-represented in exclusions and suspensions? Does there need to be a wider understanding of specific needs (Autism/SEMH)?</i></p> <p><i>For any exclusions, what alternatives were considered, including but not limited to off-site directions, managed moves, engagement with parents, provision of mentoring/coaching, use of pupil support mentors, assessment and support under the SEND framework, and multi-agency support under the "working together" framework? For suspensions, what arrangements were made for work to be provided on days 1 to 5? Or was alternative provision arranged? Were other relevant stakeholders notified, where appropriate — governors, local authority, social worker, virtual school headteacher?</i></p> <p><i>When did we last speak to pupils with SEND about Behaviour?</i></p>	

**Outcomes Data**

**Analysis of outcomes data will be collected at the start of the school year and will be presented at the annual standards review. This should also be included within the SENCO report as an appendix.**

Commentary on outcomes:

**Questions for governors to consider: -**

*How does the data for pupils with SEND compare to the data for pupils without SEND?*

*What do trends in data show governors about the curriculum? What are the reasons behind any drops in outcomes for pupils with SEND?*

*What is available for those not able to successfully access the school curriculum (e.g bespoke curriculum?) What intervention plans are in place?*

*How is progress measured including for pupils not entered for statutory assessments?*

*How well do pupils with SEND achieve in this school compared with pupils without SEND?*

### Statutory Requirements

	Commentary	Questions for governors to consider
SEND Policy		<i>When was this reviewed, have any changes been made? What was the impact?</i>
SEND information report & link to the Local Offer		<i>When was this reviewed and does it meet statutory requirements?</i>
		<i>Is this published on the school website?</i>
Accessibility plan		<i>Any updates? Review date?</i>
Statutory assessments and reviews		<i>Are necessary resources available? (e.g. time)</i>
Access arrangements		<i>Are normal ways of working appropriately established during all assessments?</i>
SEND Budget and spending		<i>What was the budget allocation and how is it used?</i>  <i>Are EHCPs sufficiently funded? If not, what is the impact?</i>  <i>Has the school coded pupils correctly on the school census? E.g. K codes.</i>
Website compliance		<i>Has the DfE website compliance checker been referenced?</i>

### Other Aspects to Consider

	Commentary	Questions for governors to consider

## Appendix 6 T&amp;LEEF Five-a-Day Checklist (Primary)

## SEND ACROSS THE CURRICULUM

### EEF Five-a-Day Checklist

EEF's 'Five-a-Day' evidence informed approach	
<b>Explicit Instruction</b>	
<b>Cognitive and Metacognitive strategies</b>	
<b>Scaffolding</b>	
<b>Flexible Grouping</b>	
<b>Using Technology</b>	

Explicit Instruction	
An overview of the lesson is given at the start, in appropriate language for the age group – visuals could be used to support	
Review the previous lesson before moving on, both visually and orally	
Make plenaries the strongest part of the lesson to capitalise on the primacy and recency effect of working memory.	
Short, sharp teaching points. Chunk learning up into clear sections	
Emphasise the key knowledge/points and repeat more than once both visually and orally, use mini plenaries	
Where appropriate, pupils are asked to verbally rehearse instructions and repeat them back.	
Additional examples and non-examples are provided regularly.	
Key teaching points and new learning is chunked into clear sections with misconceptions addressed at each stage.	

There is use of simple, concise and consistent wording/visuals and instructions.	
Regular opportunities for check ins evident to evaluate understanding and address misconceptions.	
Guided practice is built in before independent practice (I do, we do, you do model; pupils shown how to succeed at a task by the teacher modelling it step-by-step before pupils working independently).	
Independent practice is planned carefully so pupils can demonstrate they have mastered the learning objectives through high quality independent work.	
Appropriate questioning techniques are used such as 'Cold Calling' to check understanding by directly questioning a range of targeted pupils throughout the lesson.	
The subject is contextualised where appropriate to support clear explanations.	
allowing process time	
Use of mini white boards to carry out whole class assessment to check where all pupils are in their learning and address misconceptions.	
Use of retrieval practice to quiz the core and prior knowledge of pupils and build long-term memory.	
Use of targeted feedback and evidence that improvements are made as a result.	
<b>Cognitive and metacognitive strategies</b>	
The teacher's thinking process is given verbally and visually to support pupils with their organisation and planning.	
During guided practice, pupils are encouraged to mirror the teacher's thought process and language, using phrases such as: <ul style="list-style-type: none"> <li>® I am going to use my prior knowledge on...to help me complete the task</li> <li>® I am going to use my word bank to support me</li> <li>® I am going to do...to make sure I stay focussed ® I am going to make sure I...</li> <li>® I have learnt that I...</li> </ul>	
Clear instructions are provided and displayed (a task planner might be used for this) This is checked for understanding and repeated/rephrased if necessary.	
Lesson task lists are provided giving an overview of the requirements of the lesson.	
Use of visual aids are frequently provided to give information through two channels to support understanding and aid learning.	
Lots of positive reinforcement evident, watching pupils learning to learn and helping them understand why it's working.	

Pupil strengths, preferences and interests are built into the lesson, and opportunities are taken to give praise and encouragement when pupils are getting it right.	
<b>Scaffolding</b>	
All learners can access independent practice through carefully planned models and scaffolds pitched at an appropriate level and gradually removed over time. These may include verbal, written, visual, technology based or peer scaffolds.	
Display key vocabulary at the beginning of the lesson, read, explain and teach this	
Worked examples/modelled writing are displayed on IWB/displays/working walls	
Working walls to support learning	
Pre-teaching of vocabulary to those that need it.	
Speech is supported with visual aids, gesture, pictures, wigits, objects etc	
Pupils have access to sentence stems, sentence builders, substitution tables, close procedures, writing frames etc These are removed over time.	
Partly completed examples are provided	
<b>Flexible grouping</b>	
Highest need pupils are seated carefully to allow frequent access from the teacher to offer support and check understanding.	
Pupils are encouraged to process new learning in structured pair/group tasks where they work collaboratively using targeted TA support.	
Groupings are flexible depending on the current level of mastery of the pupil.	
Teachers work closely with TAs to ensure they are deployed effectively to best support pupils in their lessons. (This may include TAs working with non-SEND pupils whilst the teachers work more closely with pupils with SEND).	
<b>Using technology</b>	
Technology is used to aid pupils' learning, such as a visualiser to model a task (I do) and display examples.	
Pupils have access to appropriate technology to record their work or help them complete tasks independently e.g. typing longer pieces of writing, use of talking tins, immersive readers etc	
When pupils are working on a device, screens adjusted as appropriate e.g. font type and size, background colour (Colorveil)	
Where appropriate, text to speech software is used	

<b>Classroom environment</b>	
Teachers know the learners well and have an understanding of their needs and how these translate in their classroom, making appropriate adaptations without lowering expectations for pupils with SEND.	

The classroom has good natural light.	
The classroom is clear, well organised and tidy.	
Classroom culture is calm and positive – pupils have tools, strategies and confidence to ask for instructions to be repeated minimising anxiety and maximising confidence.	
A calm and respectful learning environment encourages thinking time given for pupils to process questions and instructions.	
Careful consideration is given to seating arrangements of pupils e.g. visual/hearing impaired pupils	
Classroom noise is reduced, seating pupils with poor auditory memory nearest the teacher	
Clear visual timetabling is used	
Pupils have opportunities to evidence learning in different ways – e.g. discussion, mini whiteboards, mind maps, post-its, posters, ICT, photos.	
Displays are clear, tidy and support learning.	
Pastel backgrounds are used consistently on boards and displays.	
Resources are readily available to support independent learning.	
Additional resources are easily accessible for pupils e.g coloured paper, overlays, ear defenders/loops.	
Pictures and symbols are used to support written information, including drawer labels	
Colour coding for subject areas – resources and displays	
Use of different colours on whiteboards – e.g. different lines, words or sentences in different colours?	
Resources on tables and walls support independent learning – e.g. banks of key words, spelling lists, b/d memory joggers, alphabet strips, memory aids?	
<b>Displays and Handouts</b>	
Use of coloured text or cream paper for display labels	
Display evidence of pupils showing what they know in different ways – e.g. models, mind maps, post-its, posters, ICT, photos	
Use of a computer font that is plain and evenly spaced – e.g. Century Gothic, Comic Sans, Tahoma	
Avoidance of light text on a dark background – the reverse is clearer	
Avoidance of <u>underlining</u> and <i>italics</i> . These tend to make the text appear to run together. Use <b>bold</b> instead	
AVOIDANCE OF TEXT IN BLOCK CAPITALS – This is much harder to read	
For headings use larger font size in bold, lower case or a different colour	
Boxes can be used for additional emphasis	
Use a left hand margin	

Line spacing of 1.5 is preferable	
Use of bullet points and numbering rather than continuous prose	

## Quality First Teaching at St Winifred's

### Explicit Instruction:

- Communicating clearly
- Using Visuals
- Modelling
- Checking pupil's understanding

### Cognitive and Metacognitive Strategies:

- New content taught in small steps
- Retrieval practice
- Growth mindset to encourage challenge
- Linking new learning to prior knowledge

### Scaffolding Opportunities:

- Visual
  - Concrete
  - Verbal
- (Please see subject scaffolding documents)

### Flexible Groupings:

- All of our children need teacher directed group time
- Change groupings to meet needs of all pupils
- Mixed ability groupings
- Utilising additional adults

### Use of Technology:

- Widgeit
- Videos and pictures
- Adaptive technology
- Use of interactive whiteboards to support learning.

## Appendix 7 St Winifred's Quality First Teaching Documents example

**St Winifred's Roman Catholic Primary School**  
CARITAS – God's Love in Action

### **Cognition and Learning Needs Checklist**

#### **Monitoring/QFT strategies**

<b>Universal Provision for Cognition and Learning (Monitoring)</b> <i>Please see subject specific scaffolding documents</i>		✓
Calm learning environment		
Use of working walls for frequent retrieval		
Group and partner work (flexible grouping)		
Positive relationships between teacher/child/peers		
Addressing misconceptions (responsive teaching)		
Interventions (numbersense, rapid phonics, fine motor skills, sensory circuits, reading etc)		
Adult led input and group work (both teacher and TA led)		
Adapted activities to meet need		
Learning chunked into small steps		
Teacher modelling to set expectations		
Teacher modelling retention of knowledge and retrieval		
Pre-teach vocabulary		
Learning adapted to reduce cognitive load		
In class brain breaks		
Scaffolded learning tasks		
Multi-sensory approach to learning – concrete, visual, technology		
Vocabulary mats		
Simplified, clear instructions		
Checklists		

**St Winifred's Roman Catholic Primary School**  
CARITAS – God's Love in Action

Promoting growth mindset, praising efforts and progress as well as achievements	
Exit cards/I need help cards (green/red)	
Traffic lights	
Use of calm safe spaces in the classroom	
Use of praise and dojos for motivation	
In class brain breaks	

#### **Targeted Support**

<b>Universal Provision for Cognition and Learning (Targeted/Different from and/or additional to)</b>		✓
Dyslexia/dyscalculia screening		
Increase of interventions and adult support during lessons		
Referral to SENDCo		
Referral to CAMHS		
Referral to Inclusion		
SEN register/SEN support plan cycle		
Monitoring of progress from teacher and SENDCo		
Assistive technology		

## Appendix 8: St Winifred's Subject Scaffolding Document Example

St Winifred's Roman Catholic Primary School  
CARITAS – God's Love in Action

### Scaffolding Maths

Concrete	<ul style="list-style-type: none"> <li>• Place value counters</li> <li>• Place value base ten</li> <li>• Counters</li> <li>• Ten frames</li> <li>• Multilink</li> <li>• Objects of interest ie bears, Lego bricks, sea creatures</li> <li>• Real life objects for shape space and measure units</li> <li>• Money</li> <li>• Clocks</li> </ul>
Pictorial	<ul style="list-style-type: none"> <li>• Part-part-whole models</li> <li>• Times table grids</li> <li>• 100 squares</li> <li>• Enlarged questions for group work to model</li> <li>• Number tracing and formation sheets</li> <li>• Small steps for new information</li> <li>• Picture of step by step on how to use concrete resources ie. Base ten.</li> </ul>
Written	<ul style="list-style-type: none"> <li>• Small step instructions for methods</li> <li>• I you, we do, you do group model of concepts</li> <li>• Copies of the same questions in their WR books but with different numbers to develop fluency.</li> <li>• Highlight keywords in reasoning questions ie. "<u>how many are left?</u> – means the children have to take away" "they are given 5 <u>more</u>" means the children have to add 5.</li> <li>• Smaller chunks broken down on the board or copied for their tables.</li> <li>• Retrieval questions that will help them with their new learning i.e. Number bonds to 10 questions to help with number bonds to 100.</li> </ul>
Verbal	<ul style="list-style-type: none"> <li>• Thinking out loud narrative modelling in teacher input and group work to make links to prior knowledge and show step by step of new concepts. <i>"I know that 4+6=10 because I used my number bonds to help me, so I can use that to help me with 24+6!"</i></li> <li>• Guided model of questions on WR PowerPoints marking and correcting together.</li> <li>• Modelling of small steps for new learning and talking out loud how to apply new knowledge to both fluency and reasoning questions.</li> <li>• Considering how to utilise your expertise and any additional adult through group work.</li> <li>• Adapting expectations, focusing on quality not quantity.</li> <li>• Guided group for reasoning for those children who will not access it on their own</li> </ul>
